

# Guide to Summative DRA Tracking - **UPDATED**

Please use this guidance, as well as the two new tracking tools if necessary (DRA Levels A-4 Tracker, Gates MacGinitie Tracker) as you administer and track your students' DRA scores. Thank you for your patience in tracking a complex assessment!

DIAGNOSTIC LEVEL If the Student's Diagnostic DRA Level was...	SUMMATIVE TEST ...then administer this test	TRACKING TOOL ...enter the student's scores in this tracking tool	GOAL ...this is the summer goal
<b>6-80</b> with a score between 18-29 points [the vast majority of students]	<b>SAME LEVEL</b> Administer only the same level as the student scored on the diagnostic	<b>SAME DRA TRACKER AS BEFORE</b> (i.e. K-3 DRA or 4-8 DRA, whichever was used for that student during the diagnostic)	+6 points on the same DRA level
<b>A, 1, 2, 3, or 4</b> Level A = 9 or more points scored Level 1 = 9 or more points scored Level 2 = 10 or more points scored Level 3 = 10 or more points scored Level 4 = 21 or more points scored	<b>UP ONE LEVEL</b> Administer one level higher than the student's diagnostic level	<b>DRA LEVELS A-4 TRACKER (new)</b> Enter student's scores in only the new DRA Levels A-4 Tracker (obtain from your CMA). You do not need to remove the student from the tracker you placed them in at the diagnostic.	The goal varies by level, and is based on total points scored.  Level 1 = 9 or more points scored Level 2 = 10 or more points scored Level 3 = 10 or more points scored Level 4 = 21 or more points scored Level 6 = 21 or more points scored
<b>"Below the DRA" =</b> Student could not score high enough on level A, and you gave the Pre-K assessment	<b>PRE-K and (optional) DRA A</b> Administer the same Pre-K assessments as the diagnostic. Optional: If you think the student might do well on the DRA Level A, administer that as well.	<b>PRE-K TRACKER</b> Enter scores into the Pre-K Tracker just like you did for the diagnostic. If you also administer DRA Level A, enter that score in the DRA Levels A-4 Tracker	Same as normal Pre-K goals (see Pre-K tracker)
<b>"Above the DRA" =</b> Level 80, with 29 or more points scored, and you gave the Gates MacGinitie test	<b>GATES MACGINITIE</b> Administer Gates MacGinitie only.	<b>GATES MACGINITIE TRACKER (new)</b> Enter scores only in the new Gates MacGinitie Tracker	No goal set (we have not used the Gates MacGinitie assessment before and do not have a benchmark for expected progress in 4 weeks)
